

Adventurous Scout Activities

Scouts South Australia

Training Flowchart for Bush Walking

Certificate of Adult training (CoAL)

Appropriate (VET) current First Aid Certificate

Common Core Level 1 basic training is required for all Adventurous Scout Activities Training.

This may be achieved in the bush walking training or through another activity training program, e.g. rocksports, caving, canoeing

Scout Module	VET Unit	VET Unit Description
Operate communications systems and equipment	PUA OPE 002A	Operate communications systems and equipment
Demonstrate navigation skills in a controlled environment	SISO NAV 201A	Demonstrate navigation skills in a controlled environment
Use and maintain a temporary or overnight site	SISO OPS 202A	Use and maintain a temporary or overnight site

To undertake your Bush Walking training you will then need to progress to a specific skill set. The base level for supervising qualifications, for Bush Walking is Level 1.

Bush Walking Skill Set

	Scout Module	VET Unit	VET Unit Description
